6. In the timed events the box must be a minimum of Sixteen (16) feet in length and Ten (10) Feet in width. This is for new builds only, current builds are exempt.
7. A score line must be used at all F.C.A. rodeos.

HOW TO MEASURE SCORELINE

1. To measure correctly put barrier up with pin in barrier ring, holding the pin in place, measure from post where barrier pin goes, to the point where barrier rope touches the ground. Set barrier line 18 inches beyond that point.

TIMED EVENT BOX

1. In order to protect the contestant's horse, the back and the side opposite the timed event chute of timed event boxes shall be lined from a minimum of four inches (4") under ground level (unless properly supported by other means) up to a minimum of three feet (3') high with solid panel (no less than three quarter Inches (3/4") thick plywood.)
2. In order to protect contestant's horse, proper box pads are required for each timed event box.
3. Failure to properly line each timed event box and provide proper box pads for each timed event box shall result in a fine to the rodeo committee. The first incident of non-compliance will result in a one hundred dollar (\$100) fine and each additional incident will result in a fine of two hundred & fifty dollars (\$250.)

TIME LIMIT FOR ALL TIMED EVENTS: A one minute time limit will be in effect from when the barrier is strung or the contestant is "waved in" in the Barrel Racing, under judges stop watch & discretion. If animal is in standing position, a 30 second warning will be called. At one minute contestant or hazer must mount a different horse or be flagged out. A Fifty Dollar (\$50) fine will be issued. Rope must hold calf until roper gets hand on calf. Tie must hold until passed on by the judge, and roper must not touch calf after giving finish signal until the judge has completed his examination. If tie comes loose or calf gets to his feet before the tie has been ruled a fair one, the roper will be marked no time. Untie man must not touch calf until signaled to do so by flag judge.

Further examples are as follows: excessive dragging, intentionally running calf into the back fence, any roughness to the calf that could be avoided.
- i. The field flag judge will pass on the tie of calves through use of a stop watch, timing six (6) seconds from the time the rope horse takes his first step forward after the roper has remounted. Rope will not be removed from calf and rope must remain slack until field judge has passed on tie.
- j. Flagger must watch calf during the 6 second period and will stop watch when the calf kicks free, using the time shown on the watch to determine whether the calf was tied down long enough to be a qualified run.
- k. If calf is intentionally dragged at any time after it has been thrown roper will be disqualified.
